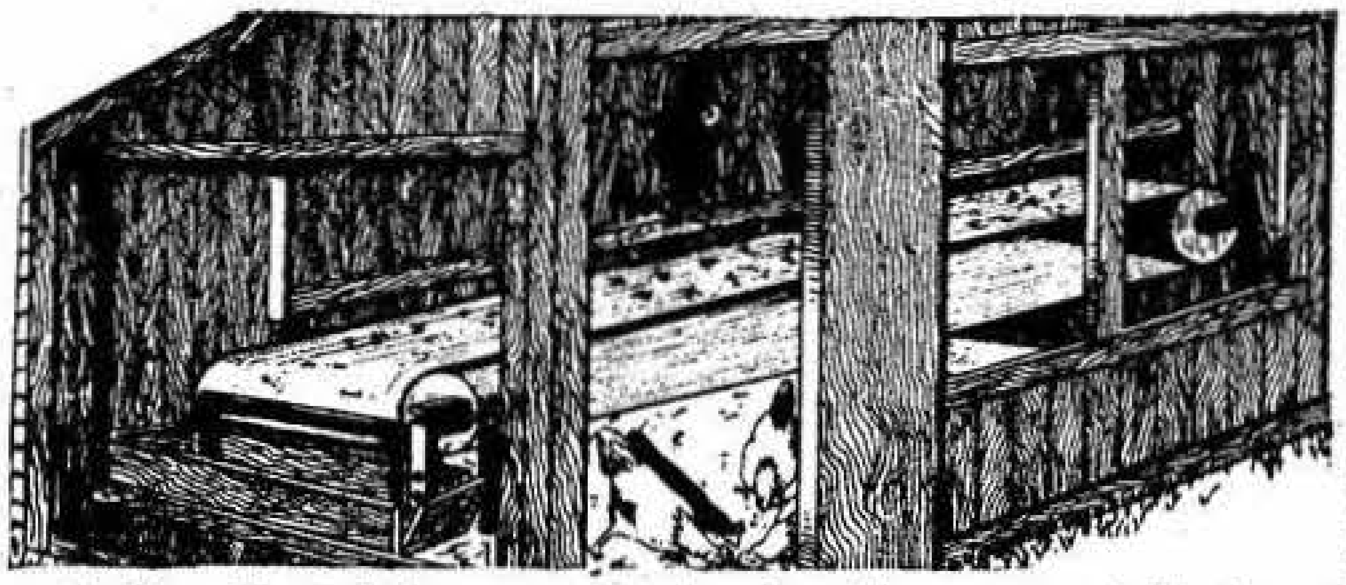
THE BLAIR HENCOOP REFUSE CONVEYOR



Makes Poultry Keeping Easy

The worst and most disagreeable feature of poultry keeping is now entirely removed. No more soiled clothes; a woman or 10-year-old child can operate it—every morning, if you like, or even twice a day—readily, easily and quickly.

Just turn a crank and in less than 15 seconds your dropping boards are clean—all without your even entering the coop. The valuable droppings are automatically collected from a waterproof, endless canvas belt, three feet wide, removed by a U-shaped knife, and deposited in a separate receptacle, to be removed at convenience.

Fits any poultry house; easily set up; simply insert 5 bolts according to simple directions and your conveyor is ready for use. Simple; automatic; nothing to get out of order. **Send today for price list, stating length of coop, inside measurements from frame to frame.**

KENNEDY'S
THE
LIVE STORE

The Secret of Kennedy's Success in Springfield

The secret is an open one, yet few stores can—and still fewer do—follow our example.

Every customer of this Live Store receives—in the form of lower prices—his proportionate share of the thousands of dollars we save through our eight-store, spot cash buying, our lower expenses and the elimination of charge accounts.

We do not attempt nor claim to do the impossible; yet what is easily possible for us is manifestly impossible for any ordinary store to do.

Our ability to offer the public more than ordinary stores offer is what led us to open in Springfield. And we expect to build up as successful a business here as we have in seven other New England cities.

Do you know what it costs you to handle your own mail advertising service? Let us estimate on your work by contract. We don't think, we know we can save you some money—why not talk it over? That won't cost you anything and it won't obligate you. One thing we do know, we shall do it better, we shall do it more promptly; of course we shall—it's our business.

"Method is the hinge of business, and there is no method without system and order"

The Psychological Moment

When the man for whom you have a message comes into his office, opens his mail and reads a neat facsimile typewritten letter with a concise personal message describing the service you have to render him.

It is like writing on a clean slate,—the impression will remain till he is in the market for your service or your goods.

Have you tried OUR Multigraph Letters in YOUR business?

NATIONAL
Calling System

"Instant Man Finder"

THE National Calling System is a signaling system. Prearranged code numbers are sounded on a series of electric signals, which may be gongs, horns, buzzers or other electrical devices. When a signal is sounded it is heard instantly and simultaneously in every part of every department. The man wanted gets his call immediately, regardless of where he may be at the moment. He then reports back over the nearest telephone or in person. No one's time is wasted on a "man hunt"---no one is disturbed.

Ask us to show you this New Time and Money Saving Calling System.

Enshrinement of LOVE

Mark the spot where your loved ones lie ; it is the last act of appreciation by which you can show the reverence in which they are held. They would do the same for you.

With some it may call for a sacrifice, but the sense of comfort from doing a good act before the world—a silent monument of love and esteem—will repay.

Strathmore Papers can express the idea of your business

IN planning printed matter you can choose a STRATHMORE PAPER that by its very look and feel expresses the idea you want to convey—the *strength* of machinery, the *femininity* of wearing apparel, the *dignity* of a profession, the *exclusiveness* of an automobile, or the *craftsmanship* of furniture.

Write us, or ask your printer for "Paper Does Express," a portfolio in which a certain dozen sheets of STRATHMORE Paper do the work of several hundred words.

"The handsomest street in Springfield," our Street Railway President remarked when looking from his office window in the Massachusetts Mutual Building.

Springfield grows at the rate of 5000 per year added to its population. With the pressure of new arrivals at the down-town residence districts there is a constant movement of families from flats and apartments to some choice little home in the suburbs. **BRECKWOOD** meets the demands for this ideal home life.

All the benefits of the Springfield city service, including a modern schoolhouse.

Ten minutes' ride by automobile between Court Square and **BRECKWOOD** by the way of State Street or via Pearl and Bay Streets.

By trolley, fifteen minutes' ride Indian Orchard or Ludlow cars; stopping at Bay Road the short way into **BRECKWOOD**. Also State Street cars.

Our automobiles are at your service. For prices and terms of house lots call telephone River 987 at our **BRECKWOOD OFFICE** at the land, 381 Boston Road and Parsons Avenue.

DESCRIPTION

OF THE

Attractions, Advantages, and Resources of SPRINGFIELD, MASSACHUSETTS

FURNISHED BY THE

Springfield Board of Trade, Massachusetts

Springfield is the center of a spider's web, with many lines of railroads leading to it. The city is 99 miles from Boston, 136 from New York City, and 103 from Albany, with many prosperous towns and cities lying in between. Many of the people living in these towns and cities patronize Springfield stores so that Springfield, with a population of 115,000, is the trading center for 600,000. Railroads, trolleys, and good highways bring the trade to the city, and the stores and shops are always busy and prosperous.

Springfield—the Magnet City

Springfield is known as "The Magnet City" because of its attraction. It has been compared a great many times to Western cities in its being a live wire, and because of the energy and activity of its wide-awake citizens. One of the finest examples of their loyalty to the city is the Municipal Group, which stands as a testimony to the generosity and civic pride of the citizens.

Springfield Is Famous

Springfield is famous as the home of the Springfield Armory, with its great history, both past and present. The Springfield Rifle is known · throughout the world. Likewise Springfield has other world-wide known industries, such as the G. & C. Merriam Company, publishers of Webster's Dictionary; Barney & Berry, Inc., manufacturers of the Barney & Berry skates; National Equipment Company, candy machine manufacturers; New England Westinghouse Company, firearms manufacturers; Hendee Manufacturing Company, Indian Motocycle manufacturers; and Smith & Wesson, manufacturers of revolvers. Springfield is the home of skilled mechanics.

Beauty and Attractions of the City

Springfield is known as "The City of Homes," and rightly can claim this title from many other cities described in the same way, for the beautiful parks (613.57 acres) and boulevards in the city, with the stately homes under great trees, are indeed charming. Forest Park, given to the city through the munificence of E. H. Barney and many other generous citizens, with an area of 476.10 acres, is one of the finest public parks in the country. The drives in and around Springfield are also pleasant.

The History of Springfield

William Pynchon and a band of brave followers founded Springfield in 1636, and on May 14 the town was organized. The early days involved many vicissitudes with the Indians, picturesque incidents, and affairs of marked bravery. In 1647 a large addition was made to the territory of Springfield by the General Court so that the city included Westfield, Suffield, some of Southwick, West Springfield, Holyoke, Agawam, Chicopee, Enfield, Wilbraham, Somers, Ludlow, Longmeadow, and Hampden, but since then these have become independent cities and towns, although all were originally a part of Springfield.

In 1647 the village of Springfield was burned by marauding Indians, but, Phœnix-like, arose.

In 1812 the southern part of Old Hampshire County was named Hampden and Springfield became a shire town. A Court House was erected in the town in 1821. On May 25, 1852, Springfield, with a population of 12,500, was incorporated as a city, and on May 25, 1886, the city celebrated its 250th anniversary; on May 25, 1911, in a delightful manner the 275th anniversary was likewise celebrated. The spirit of ancient and modern Springfield is embodied in the world-famous statue of Deacon Samuel Chapin, by Augustus Saint-Gaudens, which stands at the corner of Chestnut and State streets.

As an Educational Center

Springfield is noted as second to none in the excellence of its public schools. With three High Schools and a great many grade and private schools it maintains a high standard. There are 39 public schools in the city. The International Y. M. C. A. College and the American International College are also located in this city.

Like all New England cities it has many churches—63 in all—and many noteworthy ones among them.

Buildings of Note

Notable buildings in Springfield are: The Municipal Group; the Public Library; Springfield Art Museum; Museum of Natural History; Springfield Armory; Massachusetts Mutual Life Insurance Company building; Springfield Fire & Marine Insurance Company building; Hall of Records; Union Trust Company building; the new Third National Bank building; the new Y. M. C. A. building; the three High School buildings; Stearns building; Hotel Kimball, and the Myrick Building (the headquarters of the Springfield Board of Trade).

Social Advantages

The social advantages are many, and the club life is indeed delightful. There are various charities in this city which are very active. The Y. M. C. A. and the Y. W. C. A. occupy their own buildings; the Boys' Club, an institution offering social recreation to over 1000 boys, is splendid for youthful exuberance; the Women's Club; the Nayasset Club, which is one of the leading men's clubs of New England; the Colony Club, which is located in the million dollar residence of the late D. B. Wesson; the Winthrop Club, and the Country Club of Springfield, besides many literary and social clubs, make the city a pleasant place in which to live as well as to work.

Newspapers and Other Publications

The principal newspapers of Springfield are the *Springfield Republican*, with an international reputation; the *Springfield Union*, which is doing much towards the upbuilding of Springfield and western New England; the *Springfield Daily News*, and the *Springfield Homestead*. All of these papers are of a high grade, and the city is fortunate indeed in having them published here.

Transportation Facilities

The transportation facilities of Springfield are very fine indeed. There are 198 trains a day going in and out of the city on the various lines of railroads which enter here.

Springfield Board of Trade

The Springfield Board of Trade is one of the principal commercial organizations of its kind in the United States. It holds a national reputation for excellence. It has 1,400 members, all of whom are of the city's best citizens. It has paid employees to the number of twelve, and, besides the regular Board of Trade department, it maintains a Credit-Reporting and Collection Bureau and a Convention Bureau. It is located in the Myrick Building, where excellent quarters are maintained on the main floor, and where a permanent exhibition of Springfield's manufacturing industries may be seen. Address all inquiries for information to

GEORGE E. FOSS, Secretary.

SECTION 28, COPYRIGHT LAW,

IN FORCE JULY 1, 1909.

That any person who willfully and for profit shall infringe any copyright secured by this Act, or who shall knowingly and willfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year, or by a fine of not less than one hundred dollars nor more than one thousand dollars, or both, in the discretion of the court.

SPRINGFIELD STREET DIRECTORY

The Street Directory gives the location of each street, and shows what other streets, avenues, or places run from or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained. As, for instance, wishing to know at what part of Main street No. 310 comes, turn to Main street, and you find that Worthington street intersects at 306, right side, and Bridge street at No. 340, showing that No. 310 comes on the right side of Main street between Worthington and Bridge.
